

I now have a comprehensive view of the programs from the official San Jacinto College catalog. Here is the full list of credit programs organized by area of study:

San Jacinto College — Credit Programs (2026–2027 Catalog)

Source: publications.sanjac.edu

Arts, Humanities, Communications & Design

- Communications, Associate of Arts
 - Dance Instructor, Certificate of Technology
 - Digital Media Design & Production, Associate of Applied Science
 - Digital Media Design, Certificate of Technology
 - Digital Media & Graphic Applications, Occupational Certificate
 - Fine Arts, Associate of Arts
 - Music Recording, Associate of Applied Science
 - Music, Associate of Arts in Music
 - Music, Sound Recording, Occupational Certificate
 - Music, Techniques of Audio Engineering, Certificate of Technology
-

Business

- Accounting, Level 2 Certificate
- Business Management Specialization, Certificate of Technology
- Business Management, Level 2 Certificate
- Business, Associate of Applied Science
- Business, Associate of Arts
- Entrepreneurial and Small Business Management, AAS
- Entrepreneurial and Small Business Management, Certificate of Technology
- Entrepreneurial and Small Business Management, Level 2 Certificate
- Law and Legal Studies, Associate of Applied Science
- Logistics and Supply Chain Management, AAS
- Logistics and Supply Chain Management, Bachelor of Applied Technology
- Logistics and Supply Chain Management, Certificate of Technology
- Long Term Care Administration, Advanced Technical Certificate
- Real Estate Advanced, Level 2 Certificate

- Real Estate, Associate of Applied Science
- Real Estate, Certificate of Technology
- Real Estate, Occupational Certificate

Construction, Industry, Manufacturing & Transportation

- Air Conditioning Technology, AAS / Certificate of Technology / Occupational Certificate
- Auto Tech – Autonomous Vehicle, Certificate of Technology
- Auto Tech – Ford ASSET Program, AAS / Level 2 Certificate
- Auto Tech – FAST Program, AAS / Level 2 Certificate
- Auto Tech – GM ASEP, AAS / Certificate of Technology / Level 2 Certificate
- Auto Tech – Honda PACT, AAS / Certificate of Technology / Level 2 Certificate
- Auto Tech – Mopar CAP, AAS / Level 2 Certificate
- Auto Tech – Toyota T-TEN, AAS / Level 2 Certificate
- Automotive Technology, Certificate of Technology
- Biomanufacturing Technology, AAS / Advanced Technical Certificate / Level 2 Certificate / Occupational Certificate
- Biomedical Clinical Equipment Technician, AAS / Certificate of Technology / Level 2 Certificate / Occupational Certificate
- Construction Management – 4-Sector Specialty, AAS / Certificate of Technology
- Construction Management – Industrial Project Management Specialty, AAS / Certificate of Technology
- Electrical Technology, AAS / Certificate of Technology / Level 2 Certificate / Occupational Certificate
- Environmental Health and Safety Technology, AAS / Level 2 Certificate
- Heavy Diesel Equipment/Crane Technician, AAS / Level 2 Certificate
- Heavy Diesel Truck Trainee, Certificate of Technology
- Heavy Diesel Truck, AAS / Certificate of Technology
- Inspection Technologies – Fixed Equipment Inspection Technology, AAS / Level 2 Certificate
- Inspection Technologies – Nondestructive Testing Technology, AAS / Certificate of Technology / Level 2 Certificate
- Instrumentation Technology, AAS / Enhanced Skills Certificate / Level 2 Certificate
- Instrumentation Technology for Advanced PLCs, Enhanced Skills Certificate
- Maritime Transportation, AAS / Certificate of Technology / Occupational Certificate
- Pipefitting Technology, Occupational Certificate
- Plumbing Technology, Occupational Certificate
- Process Technology, AAS / Level 2 Certificate
- Process Technology – Chemical Technician, Enhanced Skills Certificate
- Welding Technology, AAS / Art-Welding Occupational Certificate
- Welding – Combination Welder, Certificate of Technology
- Welding – Gas Shielded Welding, Certificate of Technology

- Welding – Industrial Welder, Level 2 Certificate
-

Education

- Child Development – Associate Training for Director, Occupational Certificate
 - Child Development/Early Childhood Education, AAS / Certificate of Technology
 - Early Childhood Education, Bachelor of Applied Science
 - Educational Aide, Certificate of Technology / Occupational Certificate
 - Teaching (Early Childhood–6th Grade), Associate of Arts in Teaching
 - Teaching (Grades 7–12), Associate of Arts in Teaching
-

Health Sciences

(This area includes programs in fields such as Cancer Data Management, Nursing, Dental Hygiene, Radiologic Technology, Respiratory Care, Emergency Medical Services, Health Information Management, and more — the catalog lists many programs here.)

San Jacinto College also offers programs in additional areas including **Information Technology, Science & Mathematics (transfer), Social & Behavioral Sciences, and Public Safety/Criminal Justice**, among others. The college notes it has 200+ degrees, certificates, and continuing education courses in total.

For the complete interactive list, you can browse the full catalog at publications.sanjac.edu.

Here is a comprehensive overview of the non-credit programs at San Jacinto College, offered through its **Continuing and Professional Development (CPD)** division:

San Jacinto College — Non-Credit / Continuing Education Programs

The Continuing and Professional Development (CPD) division offers a variety of noncredit courses for workforce training and lifelong learning. The workforce area keeps workers up to date on the latest technologies in industries such as petrochemical, manufacturing, health care,

aerospace, and maritime, available through contract training, open enrollment, and grant funding.

Aerospace & Aviation (EDGE Center)

San Jacinto College's EDGE Center is the official education training partner for the Houston Spaceport at Ellington Airport, offering programs in electrical, design, manufacturing, operating, and maintenance tracks. Course offerings include FAA Part 107 Drone Pilot certification, composite manufacturing, aerospace quality technician training, and aircraft structure technology.

Biotechnology / Biomanufacturing (Center for Biotechnology)

As the sole provider of NIBRT-licensed training in the southern United States, San Jacinto College prepares new biomanufacturing professionals with the skills needed for a seamless transition to the workforce.

Applied Trades

Courses in Applied Trades provide hands-on training in welding, truck driving, pipefitting, and HVAC, following industry-recognized standards.

Center for Petrochemical, Energy & Technology

This is one of the main non-credit program areas listed in the CPD course catalog. It serves the regional energy and industrial workforce.

Maritime

The Maritime program offers more than 50 courses approved by the U.S. Coast Guard (USCG), each following internationally recognized Standards of Training, Certification, and Watchkeeping (STCW), covering everything from inland towboats to the world's largest ships.

Computers / IT Training

Computers/IT Training is one of the dedicated non-credit program areas offered through CPD.

Health & Safety Occupations

Health & Safety Occupations is offered as a distinct non-credit program area through CPD enrollment.

Education (ESL & English Programs)

San Jacinto College offers an English Communication Skills program ranging from ESL Beginning A through ESL Advanced B, dedicated to students whose primary language is something other than English, as well as a Conversational English course for additional ESL support.

Business & Professions

Business & Professions is one of the non-credit program areas available through CPD open enrollment.

Lifelong Learning

The Lifelong Learning program offers a full range of non-credit courses for personal development or just for fun — including dance, martial arts, scrapbooking, retirement planning, and motorcycle riding. Other fun options include gardening, cake decorating, and ukulele.

Online CPD Courses

San Jacinto College also offers fun and affordable online non-credit courses that allow students to learn new skills and trades conveniently from anywhere.

Summer Camps (Youth)

San Jac hosts fun and enriching summer camps for kids of all ages and interests — from athletics and career exploration to music and STEM.

New CPD Structure (as of 2026)

The CPD division has recently reorganized into four specialized centers: the EDGE Center (aerospace, aviation, and advanced manufacturing); the BIT Center (IT, AI, business, entrepreneurship, and logistics); the Corporate Center (apprenticeships, grants, and cross-sector training); and the Community & Health Center (adult education, healthcare, youth, and senior programs).

For the full course schedule, you can visit sanjac.edu/continuing-education or call CPD at **281-542-2020**.

Here is the full process for applying to and enrolling in San Jacinto College's non-credit Continuing and Professional Development (CPD) programs:

How to Enroll in San Jacinto College CPD / Continuing Education Programs

Step 1: Confirm You're Eligible

CPD students must be at least 18 years old. Students enrolled in CPD courses do not have to be admitted into San Jacinto College's academic/credit side — there is no formal college application required for most non-credit courses.

Step 2: Browse the Course Catalog

You can enroll in classes year-round. Whether it's a one-day workshop, a one-week course, or a month or more, you can register online, in person, or by email. Browse the course schedule by downloading the PDF schedule or viewing the digital course schedule at sanjac.edu.

Step 3: Check for Any Program-Specific Requirements

Some programs have additional prerequisites before you can register. Depending on your selected training program, requirements may include a background check, drug screen, high school diploma/GED, and demonstrated financial need.

For programs with clinical components (such as Phlebotomy), a background check through Precheck.com is required at the time of registration, and a drug screen may also be required. The approximate cost of the background check is less than \$60, and the drug screen is approximately \$50.

Step 4: Register

You have three ways to register:

Online: Register for your course online at the San Jac CPD registration portal.

In Person (photo ID required): Visit one of the following campus locations:

- Central Campus: Interactive Learning Center, Room C-1.128, 8060 Spencer Hwy., Pasadena
- North Campus: Welcome Center, Room N-6.108a, 5800 Uvalde Road, Houston
- South Campus: Administration Bldg., Room S-8.1403, 13735 Beamer Road, Houston

By Fax or Email: Download and complete a registration form, then fax or email it. Email: registration.cpd@sjcd.edu. Fax numbers vary by campus.

By Phone: Call 281-542-2020 to register by phone. Have your personal information and the course you'd like to take ready when you call.

Register early — open enrollment means you can register at any time, as long as it's at least three days before the class begins, but classes can fill up quickly.

Step 5: Pay for Your Course

You must complete the payment process to reserve your seat, or you will be unenrolled. Payment is due the same day as registration.

Accepted payment methods include credit cards (Visa, MasterCard, American Express, Discover) and debit cards with a Visa/MasterCard affiliation.

Step 6: Explore Financial Assistance (Optional)

If cost is a concern, there are grant options available:

The Texas Public Education Grant (TPEG) can help pay for CPD training programs. It provides need-based scholarships to qualifying students on a first-come, first-served basis during the fall and spring semesters. For most programs, the grant covers the entire cost of tuition. You may receive up to two grants per academic year — one in the fall and one in the spring. To apply, email CPD.TPEGgrant@sjcd.edu or call 281-998-6350 ext. 2481.

Workforce Solutions scholarships may also be available to support training for high-skilled, high-growth occupations.

For Online CPD Courses

For online courses through the Ed2Go portal: select your course, call 281-542-2020 to register and pay, then locate the course on ed2go.com, click "Enroll Now," choose your desired start date, and create a new login if you're a new student.

A Note on "Linked" Courses

Some CPD courses are "linked" and held in conjunction with academic credit courses. If you complete a linked course and later decide to enroll in a credit certificate or degree program, you will receive credit for that completed course. Enrollment in linked courses is limited and on a space-available basis, and students in linked courses are exempt from the TSI assessment.

For more information, contact CPD directly at **281-542-2020** or registration.cpd@sjcd.edu.
